**DETAILED ACTION**

***Information Disclosure Statement***

This communication is in response to a telephone call from Jerome Massie indicating that the paper mailed 3-15-04 is in error. The examiner agrees that the paper mailed 3-15-04 is in error because the IDS faxed 2-5-04 was actually timely filed.

The examiner understands that the original IDS document, filed in October 2002, was only entered in the PALM system, which caused a misunderstanding of the timeliness (because the IDS was not also scanned into the IFW system).

Regardless of the previous misunderstanding, the references have been considered by the examiner as evidenced by the initialed Form 1449 attached.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Evan Pert whose telephone number is 703-306-5689. The examiner can normally be reached on M-F (7:30AM-3:30 PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kamand Cuneo can be reached on 703-308-1233.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
